# Lake Annecy Navigation regulations

July 2015

Boating and water activities on Lake Annecy are governed by the specific navigation regulations (RPP in French) of 10th June 2015, which have been adapted locally from the national general regulations (RGP in French).

### The aims of the specific navigation regulations (RPP) :

- to improve respect for the environment,
- to guarantee safety to users,
- to simplify the regulations,
- to maintain the existing balance between the various activities on the lake.

### The specific navigation regulations (RPP) consist of :

- rules adapted to boating conditions and the various water activities according to their sector
- a master plan of the lake, which maps out the areas defined in the regulations : the prohibited, protected and reserved zones (eg : inshore zone, reserved channels, zones where all boating is prohibited or constrained).

### Before setting off, you must :

- carry on board : your licence and navigation permit, the current general and specific navigation regulations (RGP and RPP in French)
- consult the regulations concerning Lake Annecy
- check your safety equipment
- check the weather forecast

### Please comply with the regulations !

- observe the navigation regulations (appropriate speed, restricted zones...)
  - it is prohibited to sail a boat >6hp without a licence
  - you must have a navigation permit in your possession when it is mandatory
  - it is prohibited to sail under the influence of alcohol (blood alcohol concentration <0.8g/l) or drugs
- Failure to comply with the regulations will result in a fine from the National Gendarmerie (the local police).

Conception : Die-U. & Est - Dnr 74 - juillet 2015

Direction départementale des Territoires de la Haute-Savoie

Ministère de l'Écologie, du Développement durable et de l'Énergie
